

## 2021-22 Student Schedules Update

### Howard Families

This is a reminder that we anticipate access to 2021-22 student schedules opening in Skyward on Monday, July 19<sup>th</sup>. If you need to setup your Skyward access, please see our summer update which has this information. That update can be found on our website.

There has been one major change since our summer update went out. At that time we shared that we would have Spanish 1, but not law studies. Due to some unexpected complications with state requirements, we had to pivot from Spanish. This means we will have Law Studies. Student schedules were updated accordingly. We apologize to those who were excited about Spanish, and will continue to work toward bringing that course to Howard in the future.

Please keep in mind that our team will continue to make minor adjustments in the weeks ahead as we work to balance class sizes and accomplish other scheduling tasks. Know that our team does their very best to schedule students into their top elective choices. If you're not seeing a top choice on your schedule, that's because we could not make that work for your schedule. Whenever we cannot make something work, we move to the next highest ranked elective. We are unable to accommodate changes in elective preference at this time.

If you have questions or concerns regarding your schedule, we ask that you complete the Google form linked below. Please complete the form instead of emailing the counselor or other staff. This allows us to ensure we respond to everyone in as timely a manner as possible and prevents us from missing anyone. Also, keep in mind that our counselors will be out of the office, so response times may be a little slower than usual. [Click Here For Schedule Concern Form](#)

If you will need to check-out a laptop from us for 2021-22 and have not already completed the form to let us know, please do so by Wednesday, July 21<sup>st</sup>. We will send out communication with additional information regarding device checkout once we've assessed the need. [Click Here To Let Us Know You'll Need A Device](#)

For our families who selected not to take PE on their course request form, a copy of the necessary PE waiver is attached. It can also be found on our website. Please complete that form and have your child drop it off at the front office during the 1<sup>st</sup> week of school.
